WASHINGTON OPERA HOUSE.

HOUSE FAVORED FLAT REPEAL OF SUGAR CLAUSE.

Washington, April 11.—The House agreed upon a flat repeal of the free sugar clause. The Democrats of the Senate in caucus decided to amend this and instead of a flat repeal, recommended that the existing duty of a cent a pound on sugar should be extended until May 1, 1920. Louisiana Democratic Senators were much opposed to this plan, insisting that it would not restore confidence among sugar growers.

Senators Broussard and Ransdell of Louisiana will make an effort to restore the House resolution. This is doomed to failure in the Senate, however, and the fight will be continued in conference. Republican Senators indicated that there would be little difficulty insofar as they were concerned in reaching a vote on the issue within two days.

Senator Smoot, ranking Republican member of the finance committee, assured Senator Simmons that the Republicans were anxious for the repeal to be enacted into law.

The dissatisfaction of the railroad companies in the United States with the payments made to them by the government for mail haulage, is as nothing compared to the attitude of the British railroad companies. The British postoffice department discovered that for short haulage, up to about 125 miles, the motor truck or tractor is far cheaper and better than the railway. For this reason the great bulk of British mail transfer is now made with motor trucks. The railroads are allowed to handle only the "unprofitable end" of the mail haulage—the whole system resulting in a technical "profit" for the postoffice department. The contract between the British government and the railway companies provides for a flat rate, for both long and short hauls, with the profitable operation on short hauls only. As, however, no provision was made in it for the installation of motor trucks by the department, the railroads are powerless to prevent this practice, and must continue to haul mail at a loss for long distances.

An angry woman is better to be enjoined than coerced.

FIRST DOSE ENDS INDIGESTION, HEARTBURN, OR GAS ON STOMACH.

The question as to how long you are going to continue a sufferer from indigestion, dyspepsia or out-of-order stomach is merely a matter of how soon you begin taking Tonaline Tablets. People with weak stomachs should take Tonaline Tablets occasionally, and there will be no more indigestion, no feeling like a lump of lead in the stomach, no heartburn, sour risings, gas on stomach, or belching of undigested food, headaches, dizziness or sick stomach; and besides, what you eat will not ferment and poison your breath with nauseous odors. All these symptoms resulting from a sour, out-of-order stomach and dyspepsia are generally relieved five minutes after taking Tonaline Tablets. Go to your drugstore and get a \$1 box of Tonaline Tablets and you will always go to the table with a hearty appetite, and what you eat will taste good, because your stomach and intestines will be clean and fresh, and you will know there are not going to be any more bad nights and miserable days for you. Tonaline Tablets freshen you and make you feel like life is worth living.

SNOW DID NOT HARM FRUIT TREES.

(Lexington Leader.) No harm to fruit trees, which were on the point of budding, resulted from the heavy snow, according to H. F. Hillenmeyer, the widely known nurseryman and weather observer, who was interviewed Saturday by a Leader representative.

"The danger, if any," said Mr. Hillenmeyer, "will come Sunday night, if the mercury drops below freezing point to any extent. I do not look for clearing weather before Sunday, and then the temperature will probably drop below the freezing point, accompanied by frost. The branches and buds of the trees are soaked with water and a severe freeze would have a tendency to injure them. I am hopeful, however, that the drop in temperature will not be so marked that any serious harm to this year's prospect of a good fruit year will follow."

Indulging in reminiscences prompted by the present heavy snowfall, Mr. Hillenmeyer said:

"In my few of the unusual snowfall that now covers the earth it may be of interest to say that in the past thirty-six years snow has fallen in variable amounts thirteen times in April. These precipitations have been a combined mixture of rain, sleet and snow. The greatest April snowfall on record in central Kentucky occurred on April 19, 20, 21 and 22, 1901.

"The depth on the 19th was some four inches, and this depth was maintained by the sharp precipitation of the three following days.

"The violence of the slush and the misery of man and beast is a painful memory. "During the month of May covering the same thirty-six year period, snow has fallen five times, the precipitation on the night of May 19-20, 1894, being by far the greatest. The season has been favorable, strawberries in abundance were ripe and all trees, even the locust, were in full leaf. Tender nurslings, crowned with a proud canopy of leaves, bared their heads under the weight of the snow with a modesty which the violet might envy. And thus was established a precedent which may never be repeated."

It is said that the well water used in Edinburgh, Scotland, is so soft that soap may be dissolved in it and it will still remain transparent.

A perfect dynamo, which also could be used as an electric motor, recently exhibited to French scientists, weighed scarcely a sixth of an ounce.

Australia maintains a training school for boys who desire to become expert farmers, but lack the means of paying for proper instruction.

Sticktoitiveness is the glue that binds men to victory.

SHAM BATTLE

To Be a Feature of the Confederate Veterans' Reunion in Birmingham, Ala.

Birmingham, Ala., April 11.—A sham battle, on one side members of the Alabama National Guard, and on the other Confederate veterans from Texas, is one of the interesting and unique features to be staged during the Confederate Veterans' reunion in Birmingham May 16, 17 and 18.

The sham battle will be fought with all the details carefully mapped out, and it will be extremely realistic. It will be staged at the Alabama state fair grounds May 18, where Birmingham expects to entertain 6,000 veterans of the great conflict. The soldiers on either side will be carefully drilled and there will be exemplified tactics in fighting that General Pershing of Mexican fame, may be interested to learn about if not actually witness.

To perfect arrangements for this interesting and unique event, Captain G. Holland of Fort Worth, Tex., visited Birmingham April 3. He was in conference with General John G. Smith of Birmingham, and Major Carl Seals of the Alabama National Guard. They inspected the proposed battle ground, and announced that the fight would take place during the reunion. Captain Holland was the bearer of the challenge from the Texas Confederates and the fighting guardsmen could not find a way to refuse the offered fight from Texas.

WORTH KNOWING

Women are liable to ailments which cause instant ill-health and on which they may consult doctors without much relief. It is well worth knowing that they can get at the nearest drug store a simple medicine, made of roots and herbs, which is just what they need to recover health. That medicine is Lydia E. Pinkham's Vegetable Compound.

LEARN TO DECIDE QUICKLY.

In the April American Magazine is the story of the successful business man who attributes his success largely to his faculty for making quick decisions.

"Once decided, you ought not to waste time. If a man decides rightly, then he has a running start on rivals who hesitate. If he decides wrongly, then he has discovered his blunder, backed up, and is ready to start on even terms with the hesitating rival, for a man of decision can decide he is wrong as quickly as he can decide he is right. Also, in a greater number of cases, the man who decides quickly may fail to decide the best way, and still carry it through to success, and even convince others he was right all the time. This has happened to me many times in cases where there were a number of ways in which a thing might be done.

"While we blunder inevitably, I believe our batting average is higher than that of timid ones, and the rewards much greater. I do not think I have erred in 15 per cent of my decisions in business, and not in 5 per cent seriously.

"The great advantage of quick decision lies in the larger rewards that come to those who are bold, for it is bold to decide vital matters quickly. The timid and the hesitating get small profits."

SAVES DAUGHTER

Advice of Mother no Doubt Prevents Daughter's Untimely End.

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Bratcher, of this place, "and was down in bed for three months. I cannot tell you how I suffered with my head, and with nervousness and womanly troubles. Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me. At last, my mother advised me to take Cardui, the woman's tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing. I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health. If you suffer from any of the ailments peculiar to women, get a bottle of Cardui today. Delay is dangerous. We know I will help you, for it has helped so many thousands of other weak women in the past 50 years. At all druggists.

A MERCILESS JUDGE

One Who Shows No Favor.

A merciless judge is Father Time. Before him the weak and wanting go to the wall. Only the truth can stand. For years the following statement from a Maysville resident has withstood the sternest of all tests.

Frederick Dressel, tailor, 1238 E. Second St., Maysville, says: "I was troubled with inflammation of the bladder and an annoyance from my kidneys. The passages of the kidney secretions were irregular and I had a severe pain across the small of my back which interfered with my duties. When a friend advised me to try Doan's Kidney Pills, I got a box at Wood & Son's Drug Store. They gave me prompt relief."

OVER THREE YEARS LATER Mr. Dressel said: "Since I used Doan's Kidney Pills, I have not had any kidney trouble nor have I had to take a kidney medicine in that time." Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Dressel has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.
